

## **Press Information**

### **Training with a difference**

Manhattan firmly believe that training is a 'salesperson's best friend'. A well informed retailer makes for a well informed consumer! 2008 will play host to a major training drive by Manhattan Showers as they strive to capitalise on the success of their series 1 training DVD launched in 2007, with the launch of series 2.

In addition to a comprehensive range overview and Duralite 'step by step' feature, the wetroom application and specific feature and benefits take centre stage in Manhattan's latest DVD.

If you would like to provisionally book Manhattan training for your team, please contact Manhattan direct on 0845 2579030.
